

Flow Cytometry Workshop-Data Analysis

Institute of Food Research, Norwich

Tuesday 29th September 2009

Programme

09.00-09.05h Welcome

09.05-09.25h **Introduction Data Acquisition and Analysis.**

Dr. Roy Bongaerts (IFR)

09.25-10.10h **Use of Standards and Instrument Set Up.**

Practical Demonstration (Accuri C6)

Dr. Gerhard Nebe von Caron (Inverness Medical International , Bedford)

10.10-10.30h *Coffee/tea (sponsor)*

Flow Cytometry Software for Data Analysis

10.30-11.00h **Research Applications of Flow Cytometry using Kaluza Software.**

Dr. Mark Cheetham (Beckman Coulter)

11.00-11.30h **VenturiOne® Offline Data Analysis Software-Making flow faster; explore your data with VenturiOne®**

Gillian Byrne (Applied Cytometry)

11.30-12.00h **FlowJo-Professional Analysis Software for Flow Cytometric Data Analysis.**

Dr. Claudio Vallan (Tree Star)

12.00-12.45h *Lunch (sponsor)*

12.45-14.00h **- Free data analysis session: Analyse your own data.**

- Practical Expert advice

To participate or for further information e-mail ifr.flowcytometry@bbsrc.ac.uk or see www.ifr.ac.uk/flowcytometry
