

2nd Norwich Flow Day

Institute of Food Research, Norwich
Monday 28th September 2009

Programme

10.30-11.15h *Registration*

11.15-11.20h Welcome + Introduction

Tutorials

11.20-11.40h The EasyCyte 8HT - a new frontier in bench top flow cytometry systems - Dr Suresh Gadher (Millipore)

11.40-12.00h Research Applications of Flow Cytometry' - Dr Mark Cheetham (Beckman Coulter)

12.00-13.15h *Lunch + vendor show*

Session 1

13.15-14.00h **Dr. Derek Davies** **Cancer Biology and Stem Cells**

14.00-14.15h **Dr. Matt Tomlinson** **Flavonoid Impact on the Epithelial Barrier and Innate Immunity**

14.15-15.00h **Prof. Claudio Nicoletti** **The Role of Dendritic Cells in Foodborne Allergens and Pathogens**

15.00-15.40h *Coffee/tea + vendor show*

Session 2

15.40-16.25h **Prof. David Galbraith** **Fluorescent Proteins in Flow and Image Cytometry**

16.25-16.50h **Dr. Patrick Gunning** **Combining Flow Cytometry with Force Spectroscopy**

16.50-17.30h **Dr. Gerhard Nebe von Caron** **Microparticle Cytometry**

17.30- 17.35h Discussion and closure

17.35-18.00h *Vendor show*

17.35-19.00h *Reception and informal get together*

To participate or for further information e-mail ifr.flowcytometry@bbsrc.ac.uk or see www.ifr.ac.uk/flowcytometry
