

Norwich Cytometry Network (NCN) meeting

Wednesday 22nd September 2010

Institute of Food Research
IFR Lecture Theatre

Programme:

17.00h: Dr. Roy Bongaerts, Institute of Food Research, Norwich

'An update of the Norwich Cytometry Network (NCN)'

17.15h: Dr. Darren Sexton, School of Medicine, Health Policy & Practice, UEA, Norwich

'Airway inflammation: expression of the ion channel regulator, hCLCA1, in granulocytes'

17.45h: Dr. Mark Cheetham, iCyt Europe

'Standards in Multi laser multi colour flow cytometric research applications'

+ Commercial tutorial: **'New products and advancements in flow cytometry'**

18.15h: Informal gathering with snacks and refreshments

The meeting has been kindly sponsored by iCyt.

iCyt is a Sony Group Company
